## Description / Comments

Müüa 2023 aasta rikkaliku varustusega kaater.

Varustatud 2x300hj Mercury uue põlvkonna mootoritega + Mercury joystick (JPO) süsteemiga

See mudel ühendab endas funktsionaalsuse, liikumismugavuse, välis- ja siseruumide sotsiaalsed ruumid ja välimiste keskkonsoolide mitmekülgsuse avara, täielikult suletud ilmastikukindla kabiiniga, mis erilise välimusega seab kahtluse alla traditsioonilised arusaamad kajutipaatidest.

Leiame, et 37XC on merede Gran Turismo, mis avab võimaluste maailma turvalisteks ja pikkadeks reisideks mugavalt isegi ettearvamatu ilmaga.
